### **Expansion of Pediatric Dental Office in Floral Vale**

*Dr. Radin expands pediatric dental office incorporating a modern architectural interior and new name for practice*

**Yardley, PA, June 28, 2011:** Professional, reputable and personalized, describes Growing Smiles in Floral Vale, the pediatric dental practice of Dr. Sheryl Radin and Associates. Dr. Radin's newly renovated and expanded tree-top themed dental office in Yardley, PA has changed its name to **Growing Smiles in Floral Vale**.

Dr. Sheryl Radin has been in practice in the Floral Vale Office Park in Yardley for over 11 years. The office recently underwent a complete makeover. The expanded office space creates a much more spacious and comfortable setting for children and their parents. The architectural pleasing office with a modern flair tree-top theme design welcomes children of all ages. Children will enjoy playing in the tree-area, sliding down the slide, or playing video games on 3 plasma consoles while visiting Dr. Radin's office. The renovated office is built from sustainable materials and incorporates state-of-the-art technology in all dental equipment.

"We are so excited about our renovated office space and the new name for our practice", states Dr. Sheryl Radin. "I've had the same team supporting me for years and we are looking forward to offering our patients quality care from the eruption of their first tooth through their teenage years and a new name that suits us very well- Growing Smiles!" "Our patients are an extended family to us and we love watching them grow along with us." "Our pediatric dental practice welcomes new patients", adds Dr. Radin.

808 Floral Vale Boulevard / Yardley, PA 19067

Dr. Sheryl Radin and her team pride themselves in offering a very individualized approach in treating children. Dr. Radin completed two years of specialty training following dental school in order to specialize in the treatment of children. She continually participates in continuing education courses in order to provide children with the most current, innovative and state-of-the-art dental care. Her patient, gentle approach and extensive training allows Dr. Radin to meet the dental needs of all children; including children with special needs.

Children look forward to returning time and again to Growing Smiles, where they are greeted and cared for by Dr. Radin and her energetic team.
